NAFL
Grade 1 - Term 2 Newsletter
2021-2022

From the Principal's Desk

Term 1 has whizzed by, filling us with new learning, resilience and hope. We began offline classes from September 2021 and then closed again after Christmas. We now hope February stays steady into March 2022 and laughter and togetherness prevail!

Meanwhile, a cycle of study, tests and Board Exams have been completed. The first CISCE Semester 1 Board Examinations for grades 10 ICSE and 12 ISC were a very successful effort and stirred students to study and deliver work like before! Even as we ready this newsletter, the CAIE Boards have begun and there is hope we will complete the March Series successfully!

Our release of ***NAFL's Constitution of Kindness*** *is a dynamic effort to strengthen team responses to work, emotions and relationships. May the care and optimism continue to grow. May we shape school into a brighter and more meaningful 'home away from home'.*

Enjoy the buzz of Term 2 in the pages ahead!

Warm regards
Indira JK

How Does It Feel to be in School?

I liked meeting all my friends, I liked PE because we played and I liked sitting in the classroom and learning, better than looking at the computer.

I feel like going to school because school is FUN. I wish I could come to school every day!

I get to meet my friends from different sections during the P.E. period!

I am so happy to come to school, it was so much fun to play on the ground!

I liked playing games and dancing with my friends in the class.

I felt very happy in school, was super happy when I got a **WOW!** sticker. I got all my spellings right!

I enjoy school so much because we get to play with our teachers!

In school, I felt great because of study period. My favourite subject is EVS.

I enjoyed showing my projects to everyone in the class.

I felt very excited coming to school. We celebrated my birthday. We danced and had lot of fun!

2021-2022

Aarna Nishika (1A), took up an initiative to raise funds for **PRANI** - a pet sanctuary for rescued animals. She created clay show pieces with sticker and varnish embellishments and marketed the same. Aarna helped to generate a revenue of INR 10,000/- which was entirely donated to PRANI.

Fantastic act of kindness!

Our Young Achievers

Our Young Achievers

***Rishikha Sandeep (1C)**, won the 2nd place in the International English Olympiad organised by SOF. Great going, Rishikha!*

***Viransh Bhurat (2C)** has been recognised for his coding skills and creativity by International Kids Coding Competition (IKCC). He has been awarded a Diploma Certificate for his 'outstanding script' for a car racing game theme. Well done, Viransh!*

Our Young Achievers

***Angad Nipesh Mehta (2A)**, took part in the All Rounder - Math Master and has won an e-certificate and cash voucher for the same.*
Way to go, Angad!

***Daivik Dayanand (3B)** won 5th place in the Under 8 category in All India Open Biltz Rating Chess Tournament held on 26th December 2021. Way to go, Daivik!*

***Sriram Satish (4B)** won the 3rd place in the Sloka Recitation organised by Sadvidya Pratishtanam. Way to go, Sriram!*

Vishnupriya S Babu (5C) created a ‘Book of Knowledge – Importance of Vaccine’ as a product to spread awareness on issues related to COVID 19 outbreak. It was one of the 25 winning projects at an all-India 'School Action Project’ competition organised by The Energy and Resources Institute (TERI). Well done, Vishnupriya!

Advika Senthil Kumar (4A) created a game ‘VAC-MAN’ similar to the popular game ‘Pac-Man’ to create awareness on the emerging challenges of the virus outbreak and the importance of Covid-19 vaccines. It was one of the 25 winning projects at an all-India 'School Action Project’ competition organised by The Energy and Resources Institute (TERI). Keep it up, Advika!

Our Young Achievers

Vidhi Jain (5C) stood third in the SIP Abacus competition organised by Anikethana Academy, Bangalore. Good job, Vidhi!

Avini Anand (2B) achieved the Third Rank at the school level in the International General Knowledge Olympiad organised by the Science Olympiad Foundation (SOF). Keep it up, Avini!

2021-2022

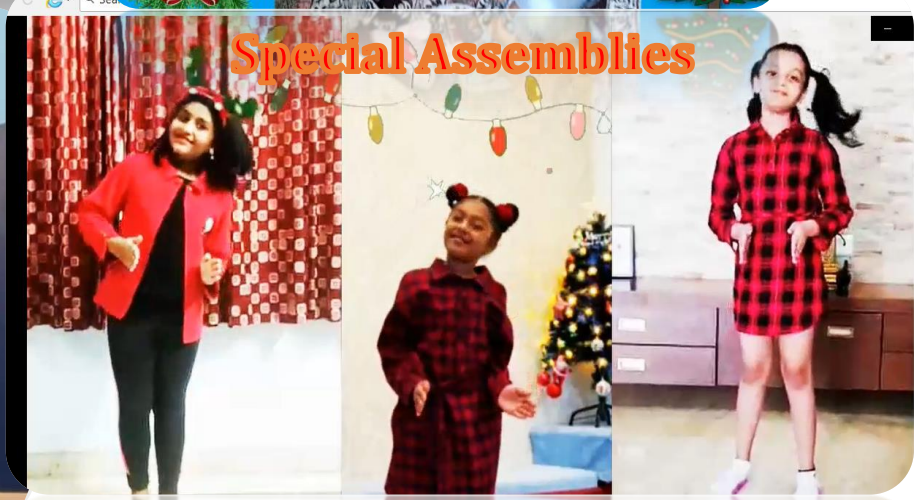
Children's Day Assembly

Fun-filled performances by all the teachers marked the online Children's Day celebrations once again this year! A song by the Pre-Primary Years teachers, a creative take on 'Beauty and the Beast' by the Primary Years team, a mime on educational systems, by the Middle Years faculty and another funny online and offline cameo ended with a 'physically fit' dance by the Senior School teachers. Needless to say, the show brought the house down!

Special Assemblies

MERRY CHRISTMAS

The Christmas Special Assembly was filled with something in it for everyone – carol singing, skits, talks, dance and a lot of food for thought!



January 26th Special Assembly

Our 73rd year of celebration of the Constitution of India saw the release of our very own Constitution created by the students and for the students! NAFLERS developed a ***Constitution of Kindness*** *which directs student action and community wellbeing inside school. We hope this mandate will govern the physical, mental, emotional, and academic needs of NAFLERS on and off campus!*

NAFL's CONSTITUTION OF KINDNESS

THE UNVEILING

Right to be Understood

Right to be Heard

Right to be Included

Right to be Respected

Right to Kindness

Right to enjoy a Balanced School Life

Right to Fair Chance and Opportunity

Right to contribute to the School's Advancement

Grade 1 - Term 2 Newsletter
2021-2022

Like Father Like Daughter!

Aravind Tharunsri speaks....

"As a scuba diver, I have been witnessing the extent of pollution on the marine ecosystem. So, the least I could do is to create awareness and to do clean-ups, which is in my capacity," says Aravind, a professional scuba diver since 2007.

"I have been doing ocean and shore clean-ups for over 17 years and have collected around 10,000 kg of plastic waste," he adds.

Aravind is accompanied by his daughter, Thaaragai Aarathana, in cleaning beach areas and the waters. "My daughter and I are in it together. We have collected over 600 kg of plastic bottles till now, which we sell to plastic scrap shops, who later recycle the same. Thaaraagi now wishes to donate the money raised from selling plastic waste to the Department of Environment, Tamil Nadu."

The ocean's little girl...

Thaaragai Aarathana, *the eight-year-old eco-crusader, drew attention to her ongoing battle against water pollution, on National Girl Child Day (24 January 2022). She set a record in Assist World Records Attempt for swimming an 18-km stretch from Covelong to Neelankari under the theme, 'Save the Ocean'.*

"It was raining when I started swimming, I had cramps under water, it was extremely cold, but I enjoyed the seven-hour journey. Being in and around waterbodies excites me to do more for its future," shares the class 2 student of Ellen Sharma Memorial Matriculation Higher Secondary School, Karapakkam.

Making way for marine life

Besides her regular activities, Thaaragai has been raising awareness on Dugong — an endangered marine animal. "The world underwater is something all of us should explore. The colours, shapes and size of aquatic species are so diverse and impressively engrossing. Once you witness that beauty comes to life, you wouldn't want to destroy it. We should be living in harmony with them. Instead, we've only been harming and polluting them in all possible ways," she shares.

KALEIDOSCOPE - PY

Through LEGO play experiences, Primary School children went on a creative run during KALEIDOSCOPE this year!

Enjoy their creations!
